

JOHN LEMBER PLAZA

FULL STACK DEVELOPER (FRESHER)

Motivated and detail-oriented aspiring Full Stack Developer with a strong foundation in front-end and back-end web development. Skilled in HTML, CSS, JavaScript, React, Node.js, and Express, with hands-on experience through capstone and client projects. Strong communication and problem-solving skills, with a results-driven mindset and eagerness to grow and contribute to a development team.

WORK EXPERIENCE

SMARTCOOP (2026 - Present)

Full Stack Developer

Technologies: React.js, Node.js, Express.js, MySQL

- Developed responsive web interfaces for membership, production, loading batches, receipts, loans, and credit scoring.
- Built member activity categorization and support-program tracking aligned with Municipal Agriculture Office (MAO) requirements.
- Implemented frontend and backend features, collaborating with the cooperative client to translate requirements into web features.

CMSPD (May - July 2026)

Full Stack Developer

Technologies: React.js, Node.js, Express.js, Supabase

- Developed responsive interfaces for a web-based PWD registration platform with self-service workflows for beneficiaries and guardians.
- Built staff dashboards, per-barangay reporting, and a digital PWD ID feature in one centralized web application.
- Implemented the system end-to-end as a full-stack developer for the PDAO of Loreto, Agusan del Sur.

INTERNSHIP EXPERIENCE

Full Stack Developer Intern

ATI-RTC XIII - Agricultural Training Institute Region XIII

March 10 - June 5, 2026

- Built a responsive client survey interface and admin dashboard with custom validation and reporting visualizations.
- Built automated report generation and print-ready Word document output from submitted survey responses.
- Deployed to Hostinger VPS; Alpha/Beta tested with 50+ testers for a 500+ user system, fixing UI issues.
- Sole developer across frontend, backend, database, reporting, and deployment for a 5-office system.
